I. Today's Business

a. Furniture Sales Trucks in Neighborhoods

Brian Lorenz noticed that there have been trucks going through neighborhoods selling furniture from them. He wanted to discuss what City policy should be with this. David Betz said there was no zoning issue because it is happening on public streets. Chief Vest mentioned that they can watch what goes on and handle it on a complaint basis at this point. It seems many residents take advantage of the deals and buy the furniture.

b. Sign Regulations Changes

This discussion was postponed for now.

c. Murphy Parkway Design Update

David Betz explained the landscaping plans in detail to the committee. Went page to page. Scheduling of the installation was also discussed.

II. New Business to Schedule

- a. Traffic control for special events was discussed. Is it possible to have officers at the 4-corners to direct traffic during events. Chief explained that after action reports are created after each event, which leads to recommendations for future events. It was discussed that it might be better to hold the children's concerts on Mondays instead.
- b. Brian mentioned he would like to talk about a Wildlife Management Plan due to increased coyote sightings and the geese problems.

III. Adjournment- The meeting adjourned at 7:30 pm.
