

Expenditure Adjustments:

Appropriate:

1. The City is in the process of putting a traffic signal and related improvements at Grace Drive and E. Olentangy Streets. The City has \$227,720.00 available (already appropriated) for the project - however that amount is not sufficient for a 10% contingency to be also available for the project. Therefore, staff is requesting an additional amount to bring the contingency up to 10%.

Downtown TIF Public Improvement, Capital Outlay	\$	6,175.75
