

## A Petition For Our Safety

We, the owners/residents of the Woods at Big Bear Farms Condominium Association, while giving our potential support for the Margello and Schottenstein Development at Sawmill Parkway and Seldom Seen Road, do hereby respectfully request the Planning & Zoning Commission, the City of Powell, Delaware County and the Developer to publicly support, including financial, the 2 dominant safety issues we face in our Community:

1. The absolute need for a safe deceleration lane northbound from Sawmill Parkway into our entrance at Park Woods Lane.
2. The absolute need for an acceptable traffic option to provide a safe vehicular exit, southbound, from our Community onto Sawmill Parkway

All recent traffic studies have agreed, to some extent, to the present dangers involved in entering and exiting our Community by automobile.
