Hello Detective Pentz,

Thank you again for your assistance through this difficult time. Could you also please send our gratitude to all your staff who assisted myself and our family through the time before and after Andy's death. Officer Audrey Wilt and her partners were especially supportive when Andy was having his panic attacks and their professionalism and compassion meant a great deal to the both of us when he was going through his struggles. I unfortunately can't remember any of the names of staff who helped us the day of Andy's death but please convey our thanks for all their support.

Sincerely,
Cindy Nagel
