Today's Business

- Seldom Seen Park Development Construction Plans – Mr. Meyers presented a revised plan for the park and seeks to solicit feedback from the Committee in an effort to keep to the proposed schedule. Mr. Meyers detailed with a PowerPoint presentation some past projects for other parks to help with visualization of certain concepts, including dry basins. The new design is simple, but well-crafted with the tower being used as a reference beacon.
- There was a question about the possibility of extending the canopy as well as an increase of lighting on the tower for dramatic effect.
- The majority of the Committee liked the new concept plan and wants to move forward with it.

ACTION PLAN: The Committee directed Meyers & Associates to move forward with the bid drawings incorporating the suggestions recommended of extending the size of the canopy and adding lighting on the tower. Meyers & Associates will get back to the Committee with a schedule.

Adjournment - Having no further business to come before the Committee, the meeting was adjourned at 7:25 p.m.
