

**CITY OF POWELL
Ordinance 2018-04
Exhibit A**

Expenditure Adjustments:

Appropriate:

1. During the annual budget process, funds were not appropriated in the Veteran's Memorial Fund for the purchase of bricks. This fund brings in revenue through the sale of bricks, and the City handles the ordering and installation. We are requesting a small amount of appropriation be added to this fund to allow for the ordering of these bricks should a resident want to purchase brick space.
