

Don't let **MEASLES** make a comeback!

CITY OF POWELL
Minutes of 07/16/2019
Exhibit 1

 Delaware General Health District
Dedicated to Your Health

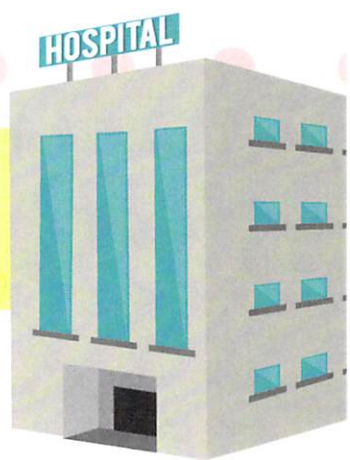

Measles was declared eliminated from the U.S. in 2000
Today, the CDC reports the second-largest number of cases in the United States

Measles is so contagious that
9 out of 10 unprotected people can
get it if they are exposed
to an infected person

Among **measles** patients

- 1 in 4 will be hospitalized
- 1 in 1,000 will develop encephalitis
- 1-2 in 1,000 will die

MMR Vaccination can eliminate measles
You should receive immunization at the following ages:

adults born after 1957
one dose (confirm with doctor)

12-15 months
for first dose

4-6 years
for second dose

Call us at (740) 203-2040 to schedule your MMR vaccination appointment!
