July 2023 Monthly Report

Council Goal – Quality Customer Service: Improve access to services, functions and operations

Recruitment Update

Public Service Worker – Jonathan Davis is starting on Monday, August 14th. Jonathan has worked at Dublin since 2019 as a Seasonal Forestry Worker. He recently graduated from The Ohio State University with a degree in Natural Resource Management.

Police Officer – The recruitment process closed on July 31st for the recent Police Officer process. The panel interviewed 16 applicants who tested through the National Testing Network. There are two applicants completing their backgrounds with the detectives who currently have their OPOTA certification. One applicant works with the Columbus Police Department and Richwood Police Department. We also have two applicants completing their background that do not have their OPOTA certification. We will look to put them into an academy in January 2023.

We will likely have one more recruitment process this year for additional Police Officer positions.

Finance Clerk – We originally had this position posted as part-time. An applicant was identified but took a position with another Agency. As the work demands for the Finance Department increase the decision was made to make the part-time position a full-time position. It has been reposted and we are currently reviewing applicants.

Economic Development Administrator – The position is posted and we are receiving a strong response with a diverse applicant pool. We will continue to review resume and hope to start interviews in the next two weeks.

Chief of Police – We are meeting with several agencies to work on a recruitment plan for selecting a new Chief of Police. We will update Council as soon as one as been selected.

Seasonal Employees

Our seasonal employees are ending their work with the City and heading back to school. We would like to thank our seasonal employees for their hard work this year and wish them the best as they return to school.
